GENERAL SYNOD

THE VACANCY IN SEE COMMITTEES (AMENDMENT) REGULATION 2026

Explanatory Notes for the Amendment Regulation as made by the General Synod on 13th July 2026

The Vacancy in See Committees (Amendment) Regulation 2026 makes further amendments to the Vacancy in See Committees Regulation 2024 to address some practical and other issues arising from the previous set of amendments that were made in February 2025 and concerned eligibility for election of individuals who shared a "relevant connection". It also addresses the position of ex officio membership of a Vacancy in See Committee when the General Synod is dissolved and makes some other, minor corrections.

Background

1. The Vacancy in See Committees (Amendment) Regulation 2026 ('the Amendment Regulation') was brought forward at the request of the central members of the Crown Nominations Commission ('CNC'). It has made a series of amendments to the Vacancy in See Committees Regulation 2024 ('the 2024 Regulation') – the Synodical instrument which provides for the constitution, functions and procedure of diocesan vacancy in see committees. The form which the 2024 Regulation now takes as amended by the Amendment Regulation is set out as an Annex to these Notes (with amended text shown in red).

2. A vacancy in see committee comprises *ex officio* and elected members and members nominated by the bishop's council where appropriate. The principal functions of a vacancy in see committee, once a vacancy in the diocesan see has been announced, are to discuss and prepare a statement of the needs of the diocese and to elect six (or in the case of the diocese of Canterbury, three) individuals to serve as members of the CNC for its consideration of the vacancy.

3. The central members of the CNC considered various issues that were brought to their attention, in particular a number of points arising out of amendments made by the General Synod to the 2024 Regulation in February 2025. The central members did not propose any amendments that sought to reverse the principles underlying changes that were agreed in February 2025 but recognised that a number of the issues raised with them required the making of some corrections and improvements where the existing Regulation caused difficulties or resulted in unintended outcomes.

4. The central members are yet to form a view on the desirability and nature of any changes they might propose to the arrangements for archiepiscopal appointments. Any changes in this regard are likely to involve the making of variations in the Synod's Standing Orders that make provision for the CNC and are outside the scope of the current exercise. The central members are also giving further consideration to the

practicality of some of the constraints in elections that were applied by the Vacancy in See Committees (Amendment) Regulation 2025.

The Amendment Regulation

5. The Amendment Regulation has addressed the following principal areas.

6. The Amendment Regulation has removed the former restriction in paragraph 6A of the 2024 Regulation which disqualified an individual from election or nomination to the vacancy in see committee if that individual had a relevant connection with the same parish or other place of worship as an *ex officio* member of the committee. For example, a lay person on the roll of a parish was formerly disqualified if any member of the clergy within the benefice was a proctor in Convocation or the chair of the diocesan house of clergy. Similarly, a clerk in holy orders was disqualified if a member of the House of Laity of the General Synod was on the electoral roll of any parish within the benefice in which that clerk was authorised to serve. That particular aspect of the restriction on election or nomination has been removed.

7. The Amendment Regulation has also amended paragraph 6A to relax the restriction on election or nomination to a vacancy in see committee that formerly applied where a lay person had a relevant connection to the same cathedral as a clerk in holy orders who was elected or nominated to the committee. The amendment would only permits the election or nomination of one lay person and one clerk who share the same relevant connection with a cathedral. A lay person remains disqualified if he or she shares a relevant connection with the cathedral with another lay person; and a clerk in holy orders remains disqualified if he or she shares a relevant connection with the cathedral with another clerk in holy orders. (Which of two or more lay persons or clerks are disqualified if standing in the same election depends on which of them is elected first. Once one such lay person or one such clerk is elected, any other such lay person or any other such clerk becomes disqualified and cannot be elected.)

8. The other restrictions introduced in February 2025 relating to individuals with relevant connections remain in place.

9. The Amendment Regulation has amended the 2024 Regulation so that when the Convocations and General Synod are dissolved, the previously elected proctors in Convocation and members of the House of Laity of the General Synod continue to serve as ex officio members of a vacancy in see committee until it has completed its consideration of a vacancy.

10. The Amendment Regulation has made an amendment explicitly stating the functions of the deputy chair of a vacancy in see committee and some other amendments to remove difficulties of implementation and interpretation.

11. It also makes various amendments to take into account the position of the Diocese of Sodor and Man.

Notes on the paragraphs of the Amendment Regulation

12. **Paragraph 1** introduces the amendments to the 2024 Regulation.

13. **Paragraph 2** amends the general interpretation provisions in paragraph 2 of the 2024 Regulation to remove a difficulty relating to the diocese of Sodor and Man. The diocese has only 15 parishes. This already made it hard for the bishop's council to comply with the requirement to ensure that the vacancy in see committee had at least 21 members. The introduction in February 2025 of paragraph 6A – which applies restrictions on the election of individuals who share a "relevant connection" with a particular parish, benefice etc. – has made it impossible. Paragraph 2 of the Amendment Regulation disapplies the requirement for the committee to have at least 21 members in the case of the diocese of Sodor and Man.

14. **Paragraph 3** amends paragraph 6A of the 2024 Regulation (restriction on election and nomination). As it formerly had effect, paragraph 6A prevented a lay person being elected to the vacancy in see committee where a clerk in holy orders who had a relevant connection with the same cathedral was an elected or nominated member of the committee, and vice versa. Paragraph 3 has relaxed the restriction on election and nomination to permit one lay person and one clerk who share the same relevant connection with a cathedral to be elected or nominated. It does that by introducing the concept of "relevant description". Persons are of the same relevant description if they are both clerks or both lay persons. It remains the case that two persons – of whatever description – who share a relevant connection with the same parish, other place of worship or mission initiative cannot both be elected or nominate members of a Vanacy in See Committee. Nor does the amendment affect the current restriction on election from the vacancy in see committee to the CNC; it would therefore continue not to be possible for the committee to elect a lay person and a clerk who shared a relevant connection with the same cathedral to serve as diocesan members of the CNC.

15. Paragraph 3 also amends paragraph 2 of the 2024 Regulation so that the restriction on election or nomination is relaxed more generally in relation to the Diocese of Sodor and Man. In that diocese, the restriction that applied where two or more individuals had a relevant connection with the same parish, mission initiative or cathedral now applies only if those individuals are of the same relevant description.

16. **Paragraph 4** makes further amendments to paragraph 6A of the 2024 Regulation.

17. Paragraph 4(1)(a) removes the restriction on election and nomination to a vacancy in see committee that currently applies where a person shares a relevant connection to a particular benefice, parish etc. with another person who is an *ex officio* member of the vacancy in see committee. For example, it removes the restriction that would have disqualified a lay person from election or nomination to the vacancy in see committee where he or she was on a cathedral roll and therefore shared a relevant connection with the dean (who is an *ex officio* member of the committee). The amendment does not affect the current restriction on election from the vacancy in

see committee to the CNC; it therefore continues not to be possible for the committee to elect a lay person and a clerk who share a relevant connection to serve as diocesan members of the CNC.

18. Paragraphs 4(1)(b) and 4(2) correct minor drafting errors in the 2024 Regulation.

19. Paragraph 4(3) clarifies the meaning of the expression "authorised by the bishop" by reference to relevant Canons which provide for the authorisation of clerks and certain lay person to exercise ministry.

20. Paragraph 4(4) clarifies the extent of the disqualification that arises from sharing a "relevant connection". A person is not to be treated as having a relevant connection with a parish if the only authorisation he or she has to exercise ministry there is (a) a licence or permission to officiate throughout the diocese or a part of the diocese larger than just the benefice in question (for example, an archdeacon or a retired clerk with permission to officiate throughout the diocese) or (b) a licence under the Extra-Parochial Ministry Measure 1967 (for example to serve as the chaplain of a university or hospital that is situated within the boundaries of the parish).

21. Paragraph 4(5) clarifies the extent to which a shared relevant connection applies in relation to cathedrals. Paragraph 6A(4)(a) of the 2024 Regulation currently provides that a person has a relevant connection with a cathedral if the person holds office there. The intention was to include those who hold appointments in the cathedral that carry substantial duties and not, for example, non-residentiary/honorary canons, volunteers etc. The amendment in paragraph 4(5) would replace the reference to holding office in a cathedral with a reference to being an executive member of the cathedral Chapter (i.e. the dean and residentiary canons) or receiving a stipend from the cathedral (e.g. a minor canon) or being employed by the cathedral (e.g. a verger). Different provision is made for the dioceses of Sodor and Man and Oxford because their cathedrals are not subject to the Cathedrals Measure 2021 and have their own governance arrangements.

22. Paragraph 4(6) makes equivalent provision to paragraph 4(5) for the case of Westminster Abbey, St George's Chapel, Windsor and Christ Church cathedral, Oxford. In doing so, it – together with paragraph 4(7) – corrects some cross-references within the 2024 Regulation.

23. **Paragraph 5** develops the existing provisions in paragraph 8 of the 2024 Regulation concerned with the chair and the deputy chair. A casual vacancy in the office of chair of a vacancy in see committee now has to be filled as soon as practicable by a further election by the bishop's council. The role of the deputy chair is made explicit: he or she is to exercise the functions of the chair in the event of a temporary vacancy or if the chair is absent or otherwise unable or unwilling to act.

24. **Paragraph 6** provides that if the Convocations and the General Synod are dissolved before a vacancy in see committee has completed its consideration of a vacancy, the previously elected proctors in Convocation and members of the House of Laity

for the diocese continue to serve as *ex officio* members of the vacancy in see committee for the completion of its consideration of that vacancy.

25. **Paragraph 7** corrects a cross-reference in the 2024 Regulation.

(2) The number of persons to be elected under sub-paragraph (1)(a), and the number of persons to be elected under sub-paragraph (1)(b), may each exceed two but only in so far as the bishop's council of the diocese decides, having taken account of each ex officio member's place of residence, that that is necessary to ensure—

(a) that each archdeaconry in the diocese will be adequately represented,

(b) that the number of members of the Committee who are in holy orders is, so far as possible, equal to the number who are lay persons, and

(3) The term of office of a member nominated under this paragraph—

(a) begins on the date on which the nomination takes effect, and

(b) ends on the date on which the elected members of the Committee cease to hold office.

Restriction on election and nomination

6A.—(1) A person (A) may not be elected under paragraph 5 or nominated under paragraph 6 if another person (B) is ~~an ex officio member of the Vacancy in See Committee under paragraph 4,~~ an elected member of the Vacancy in See Committee under paragraph 5, or a nominated member under paragraph 6 and both A and B have a relevant connection with the same—

(a) parish;

(b) cathedral church;

(c) place of worship mentioned in paragraph 5(1)(b)(iii); or

(c) mission initiative

and, in the case of a relevant connection with the same cathedral church, A is of the same relevant description as B.

(2) Accordingly, if two or more persons who have a relevant connection with the same parish, place of worship mentioned in paragraph 5(1)(b)(iii) or mission initiative, or who are of the same relevant description and have a relevant connection with the same cathedral church, are proposed and seconded for election under paragraph 5, or considered for nomination under paragraph 6, not more than one of them may be elected or nominated.

(2A) For the purposes of sub-paragraphs (1) and (2), A is of the same relevant description as B if A and B are both clerks in holy orders or A and B are both lay persons.

(3) A person has a relevant connection with a parish if—

(a) the person is authorised by the bishop under Canon C 8, D 3, E 6 or E7 to exercise ministry in the parish or in a benefice to which the parish belongs; or

(b) the person's name is on the roll of the parish.

(3A) A person is not to be treated as having a relevant connection with a parish for the purposes of sub-paragraph (3)(a) if the only authorisation the person has to exercise ministry there is—

(a) a licence or written permission to officiate throughout the diocese, or throughout an area of the diocese which is greater than the area of the benefice to which the parish belongs, or

(b) a licence under the Extra-parochial Ministry Measure 1967.

(4) A person has a relevant connection with a cathedral church if—

"(a)(i) in the application of this Regulation to diocese of Sodor and Man, the person holds office in the cathedral church;

(ii) in the application of this Regulation to the diocese of Oxford, the person is a member of the body constituted as the Dean and Chapter by the Statutes of Christ Church or receives a stipend, or is employed, in respect of work carried out under the Dean and Chapter;

(iii) in its application to any other diocese, the person is an executive member of the Chapter of the cathedral church (within the meaning of the Cathedrals Measure 2021) or receives a stipend from, or is employed by, the Chapter;"

(b) in the case of a cathedral church which is a parish church, the person's name is on the roll of the parish of which the cathedral church is the parish church; or

(c) in the case of a cathedral church which is not a parish church, the person's name is on the community roll of the cathedral church.

(5) A person has a relevant connection with a place of worship mentioned in paragraph 5(1)(b)(iii) if—

(a) the person is the dean or a residentiary canon of that place of worship or receives a stipend from, or is employed by, its body corporate, or

(b) the person is declared by the dean to be a habitual worshipper under paragraph 5(1)(b)(iii).”

(6) A person has a relevant connection with a mission initiative if—

(a) the person has received authority from the bishop which entitles the person to officiate in accordance with the bishop’s mission order that endorses and makes provision for the mission initiative; or

Casual vacancies

7.—(1) A casual vacancy among the elected members of the Vacancy in See Committee of a diocese (including a vacancy occurring because not enough candidates have been elected) must be filled within six months of the vacancy occurring.

(2) The vacancy must be filled by a further election by the house of clergy and the house of laity of the diocesan synod, the members of each of which together constitute a single electorate.

(3) But if a vacancy of the bishopric is announced before the vacancy on the Committee has been filled, the vacancy on the Committee—

(a) is to remain unfilled until the Committee has completed its consideration of the vacancy of the bishopric, and

(b) is to be filled within six months of the completion of that consideration.

(4) Where a clerk in holy orders elected under paragraph 5(1)(a) becomes the archdeacon of an archdeaconry in the diocese, that clerk ceases to be a member of the Committee under that provision; but that does not prevent the clerk becoming a member under paragraph 4(1)(d).

PART 3

BUSINESS AND PROCEDURE

Officers

8.—(1) The chair of the Vacancy in See Committee of each diocese is to be elected from the members of the Committee by the members of the bishop’s council of the diocese at the council’s first meeting following the elections under paragraph 5.

(2) The chair holds office for the same term as the members elected under paragraph 5, subject to paragraph 9(3).

(2A) A casual vacancy in the office of chair must be filled as soon as practicable by a further election from the members of the Committee by the members of the bishop’s council of the diocese.

(3) A deputy chair of the Committee is to be elected by and from the members of the Committee at its first meeting and is to exercise the functions of the chair if there is a vacancy in the office of chair or if the chair is absent or otherwise unable or unwilling to act.

(4) The Secretary of the Committee is to be appointed by the bishop's council of the diocese at its meeting referred to in sub-paragraph (1).

(5) The Secretary of the Committee must be a fit and proper person.

(6) The Secretary of the Committee may not be a member of the Committee; accordingly, if a member of the Committee is appointed Secretary, the person immediately ceases to be a member of the Committee.

Meetings

9.—(1) The Secretary of the Vacancy in See Committee of each diocese must convene meetings of the Committee in accordance with the directions of the Committee or the Chair.

(2) The Secretary of the Committee must invite the Prime Minister's Secretary for Appointments and the Archbishops' Secretary for Appointments to attend meetings of the Committee.

(2A) If the Convocations and the General Synod are dissolved before the Committee has completed its consideration of a vacancy, the members under paragraph 4(1)(e) and (f) (proctors and members of the House of Laity) are to continue to serve as members of the Committee until the completion of its consideration of the vacancy if they would otherwise cease to do so only as a result of the dissolution; and accordingly, any successor elected to replace such a member as a proctor or member of the House of Laity is not to serve for the Committee's consideration of that vacancy.

(3) For the purpose of completing the consideration of a vacancy on which the Committee has begun work, the members elected under paragraph 5 are to continue to serve as such despite the expiry of their term of office; and where the bishop's council decides under paragraph 8(4) to appoint a different person as Secretary of the Committee, the former Secretary is to continue to act as such.

(4) Subject to paragraph 8 and the preceding provisions of this paragraph, the Committee may regulate its own business and procedure.

Remote meetings

10.—(1) A reference in this Regulation to a meeting of the Vacancy in See Committee of a diocese includes a reference to a meeting which persons may attend, speak at, vote in or otherwise participate in without all of the persons, or without any of the persons, being together in the same place.

(2) The places at which a meeting of the Committee may be held include electronic, digital and virtual locations, web addresses and conference call telephone numbers.

(3) A person is to be regarded as present at a meeting of the Committee if the person is at that time able to hear and be heard, and where practicable see and be seen, by the other persons present.

(4) A reference in this Regulation to being present at a meeting of the Committee includes a reference to being present by electronic means, including by telephone conference, video conference, live webcast or live interactive streaming.

Guidance on procedure etc.

11.—(1) As soon as practicable after the announcement of a vacancy of a bishopric, the diocesan secretary must provide to each member of the Vacancy in See Committee of the diocese a booklet, which has been prepared by the Archbishops' Secretary for Appointments and approved by the Legal Adviser to the General Synod.

(2) The booklet must explain—

(a) the dual role of a diocesan bishop as the bishop of the diocese and as a member of the House of Bishops of the General Synod,

(b) if the bishop is, or is likely to become, a member of the House of Lords, the role of the bishop as a member of that House, and

(c) the importance of giving due weight to the roles referred to in paragraph (a) and, where applicable, the role referred to in paragraph (b) when considering candidates for a vacant bishopric.

(3) The booklet must contain—

(a) a description of the procedures to be followed for the nomination of persons to fill a vacant bishopric,

(b) a copy of this Regulation in the form in which it for the time being has effect,

(c) an up-to-date copy of the relevant guidance notes and code of practice, and

(d) recommendations for the procedure to be adopted for meetings of the Committee.

PART 4

VACANCY OF BISHOPRIC

Requirement to meet

12.—(1) The Vacancy in See Committee of a diocese must hold at least two meetings about a vacancy of the bishopric.

(2) The first meeting is to be held as soon as practicable after the vacancy has been announced.

(3) At the second meeting, the Committee must discuss the needs of the diocese.

(4) Having discussed the needs of the diocese, the Committee—

(a) must prepare a statement of those needs,

(b) must send the statement to the Crown Nominations Commission of the General Synod, and

(c) must send the Commission such factual information about the diocese and its organisation as the Commission may request.

Election of members of Crown Nominations Commission

13.—(1) The Vacancy in See Committee of a diocese must elect from its members persons to be members of the Crown Nominations Commission in connection with the discharge by the Commission of its functions relating to a vacancy of the bishopric.

(2) The number of members to be elected under this paragraph is the number for the time being required by the Standing Orders of the General Synod.

(3) An election under this paragraph is to be held at such stage in the proceedings on the Committee's consideration of the vacancy as the Committee decides; and after that decision has been made, the Secretary of the Committee must notify the decision to each member who was not present at the meeting at which it was taken.

(4) A person is eligible for election under this paragraph only if the person is proposed and seconded by other members of the Committee.

(5) An election under this paragraph is to be conducted by a ballot of those present and voting at a meeting of the Committee.

(6) An election under this paragraph is to be conducted using the single transferable vote system.

(7) Neither the chair of the Committee nor a member who is in episcopal orders is eligible for election under this paragraph.

(8) At least half of the number of members elected under this paragraph must be lay persons.

(8A) At least one of the lay persons, and at least one of the clerical persons, elected as members under this paragraph must be female (unless no female person of the relevant description is proposed and seconded for election).

(9) Not more than one of the following members may be elected under this paragraph—

(a) an archdeacon;

(b) the dean of the cathedral of the diocese;

(c) a member of staff of the National Church Institutions;

(d) a member of staff of the Diocesan Board of Finance or the Diocesan Board of Education for the diocese.

(9A)—(a) If two or more persons who are proposed and seconded for an election under this paragraph have a relevant connection with the same parish, cathedral church, place of

worship mentioned in paragraph 5(1)(b)(iii) or mission initiative, not more than one of them may be elected.

(b) "Sub-paragraphs (3) to (6) of paragraph 6A (which specify how a person may have a relevant connection) apply for the purposes of this sub-paragraph.

(10) In the case of a diocese which has more than one cathedral, the reference in sub-paragraph (9)(b) to the cathedral of the diocese is to be read as a reference to any of the cathedrals.

Death, resignation etc. of member elected to Crown Nominations Commission

14.—(1) Where, before the Crown Nominations Commission has agreed on a name to be submitted to the Prime Minister, a member of the Commission elected under paragraph 13 dies, resigns or becomes incapable of acting as such or is otherwise unable or unwilling to participate as such, that member is to be replaced using the voting records of the previous election in accordance with Standing Order 134(8) to (11) of the General Synod as modified by sub-paragraphs (2) and (3) of this paragraph.

(2) The reference to the Clerk of the Synod is to be read as a reference to the chair of the Vacancy in See Committee of the diocese concerned.

(3) Standing Order 134(9) is to have effect as if there were added at the end "or, if the chair and deputy chair of the Vacancy in See Committee jointly decide that there is insufficient time for a fresh election to be held before the Crown Nominations Commission is due to meet to consider the vacancy, the chair and deputy chair of the Committee—

(a) must jointly appoint a member of the Committee to act as a member of the Commission, and

(b) in making the appointment, must have regard to the desirability of maintaining among the members of the Commission elected under paragraph 13 of the Vacancy in See Committees Regulation 2024 a similar balance of opinion and of the interests which those members represented."

Direction of archbishop not to proceed with vacancy

15.—(1) This paragraph applies where a vacancy of a bishopric has been announced but—

(a) no steps have been taken under this Regulation to fill it, and

(b) the Dioceses Commission has decided to prepare a reorganisation scheme under section 7 of the Dioceses, Pastoral and Mission Measure 2007 which—

(i) would abolish the diocese in respect of which the vacancy has been announced, or

(ii) would, in the opinion of the Dioceses Commission, have such a significant effect on the diocese that it would be desirable to delay the appointment of a bishop to fill the vacancy.

(2) The Dioceses Commission may request the archbishop of the province which includes the diocese to direct that no steps are to be taken under this Regulation in relation to filling the vacancy.

(3) On receipt of a request under sub-paragraph (2), the archbishop may give a direction as provided in that sub-paragraph; and, if the archbishop does so, this Regulation has effect accordingly.

(4) The archbishop must revoke a direction given under sub-paragraph (3) if—

(a) the reorganisation scheme (unless it is a scheme to dissolve the diocese) is confirmed by Order in Council under section 8 of the Dioceses, Pastoral and Mission Measure 2007,

(b) the General Synod decides not to approve the scheme under section 7 of that Measure,

(c) the Dioceses Commission informs the archbishop that it has decided not to proceed with the scheme, or

(d) the Dioceses Commission informs the archbishop that it has decided it would not be appropriate to further delay filling the vacancy.

(5) If the archbishop revokes a direction given under sub-paragraph (3), this Regulation is to have effect as if the announcement of the vacancy had been made on the day on which the direction is revoked.

(6) A direction under sub-paragraph (3) or a revocation under sub-paragraph (4) must be in writing, must be signed by the archbishop and must be sent to the Secretary of the Vacancy in See Committee of the diocese; and the archbishop must send a copy of the direction or revocation to—

(a) the Archbishops' Secretary for Appointments,

(b) the Secretary of the House of Bishops,

(c) the Prime Minister's Secretary for Appointments, and

(d) the Dioceses Commission.

PART 5

MISCELLANEOUS

Power of archbishop to make supplementary provision

16.—(1) In carrying out the provisions of this Regulation, the archbishop of each province—

(a) may make provision for any matter not provided for in this Regulation;

(2) But this paragraph does not authorise the archbishop—

(a) to validate anything that was invalid when it was done, or

(b) to give a direction that is contrary to a provision of this Regulation.

(3) During a vacancy in the archbishopric or where, because of absence or illness, the archbishop is unable to exercise a function under this paragraph, the functions of the archbishop under this Regulation are to be exercised by the other archbishop.

Validity of proceedings

17. The proceedings of the Vacancy in See Committee of a diocese are not invalidated by a vacancy in the membership of the Committee or a defect in the qualification, election or appointment of any of its members.

Revocation

18. The following are revoked—

(a) the Vacancy in See Committees Regulation 1993;

(b) the Vacancy in See Committees (Amendment) Regulation 2003;

(c) the Vacancy in See Committees (Amendment) Regulation 2007;

(d) the Vacancy in See Committees (Amendment) Regulation 2008;

(e) the Vacancy in See Committees (Amendment) Regulation 2013;

(f) the Vacancy in See Committees (Amendment) Regulation 2021;

(g) the Vacancy in See Committees (Amendment) Regulation 2023.

Transitional provision

19.—(1) The revocation and restatement of provisions by this Regulation does not affect the continuity of the law.

(2) A reference, express or implied, in this Regulation, other legislation or any other instrument or document, to a provision of this Regulation is, subject to its context, to be read as being or including a reference to the corresponding provision revoked by this Regulation, in relation to times, circumstances or purposes in relation to which the revoked provision had effect.

(3) A reference, express or implied, in legislation or any other instrument or document to a provision revoked by this Regulation is, subject to its context, to be read as being or including a reference to the corresponding provision of this Regulation, in relation to times, circumstances or purposes in relation to which the corresponding provision has effect.

(4) A reference to a provision revoked by this Regulation which is contained in a document made or issued after the commencement of the revocation is, subject to its context, to be read as being or including a reference to the corresponding provision of this Regulation.

(5) Anything done, or having effect as if done, under a provision revoked and restated by this Regulation, and effective immediately before the commencement of the corresponding provision of this Regulation, has effect after that commencement as if done under that corresponding provision.

(6) The revocations made by this Regulation do not affect the operation of a transitional provision or saving relating to the commencement of a provision restated in this Regulation so far as the transitional provision or saving is not specifically restated in this Regulation but remains capable of having effect in relation to the corresponding provision of this Regulation or otherwise.
